Ebola in Guinea: Localities of exception?

by Anita Schroven, PhD

Research Group "Integration and Conflict along the Upper Guinea Coast"
Max Planck Institute for Social Anthropology, Halle an der Saale/Germany

Outline:

- Regional self-marginalisation: Perceived distances in strong networks
- Previous crises – Memories of public health interventions
- Ebola outbreak 2014/2015
- Local strategies

Forécariah

Forécariah Préfecture et Sous-Préfectures

Forécariah Préfecture: Appropriation of "human" associations in a case of project society

(Medical) test case in "project society"
Outline:

- Regional self-marginalisation: Perceived distances in strong networks
- Previous crises - Memories of public health interventions
- Ebola outbreak 2014/2015
- Local strategies
